UPPER ADAMS SCHOOL DISTRICT SELECTED SCHOOL BOARD POLICIES

Title IX Information (UASD Policies 103 & 104): The Board declares it to be the policy of this district to provide an equal employment opportunity to all employees and an equal opportunity for all students to achieve their maximum potential through the programs offered in the schools regardless of race, color, creed, religion, gender, sexual orientation, ancestry, national origin, or handicap/disability, and others as defined by policy. The UASD's Title IX Coordinator is Wesley T. Doll, Superintendent. He can be reached at 677-7191 extension 2751, 161 North Main Street, Biglerville PA, 17307.

Exemption from Instruction (UASD Policy 105.2): Parents who wish to exempt their students from any of the district's programs for religious or other reasons must notify the building administrator, in writing, of the reasons, specifying the portions of the program or curriculum that are in question and any religious beliefs that may apply. The Principal may exempt the student or refer the matter to the Superintendent or designee for a decision.

Admission of Beginners (UASD Policy 201): By Board policy, admission of kindergartners is limited to those who will be five (5) years of age before September 1, and admission of first graders is limited to those who will attain the age of five (5) years and seven (7) months before September 1, or are no more than six (6) years zero (0) months of age before the first day of the school term. The Board may, on the written request of a parent/guardian, admit a child who does not meet the above age criteria. That child must meet certain criteria stated in Board Policy #201. Any parent/guardian who wishes to make such a request should contact the principal of Biglerville Elementary School for a packet of information and instructions. All required documentation must be submitted to the Superintendent by August 10th.

Family Educational Trips (UASD Policy 204.1): The Board recognizes that family trips for educational purposes enhance and enrich the learning opportunities available for students of the UASD. Consideration of a request by a parent or guardian to take a child on a family educational trip shall be dependent on the following conditions:

1. Educational travel is not to exceed ten (10) days during the school year. A student on a trip that leaves United States soil and continues beyond ten (10) school days requires withdrawal from school and readmission upon return.
2. A Pre-arranged Absence Form must be requested from the office and returned a minimum of three (3) days in advance of the planned absence(s).
3. The student must have an attendance rate of 90% or better at the time of the request.
4. The student must be passing all classes at the time of request.
5. Any days beyond the maximum of ten (10) days permitted will be considered unexcused, and appropriate legal action may be taken.
6. The Board and administration strongly advise parents or guardians not to plan family educational trips within the first or last ten (10) school days of the school year.
7. No request will be approved for a family educational trip during administration of the state mandated assessments or during the secondary schools' end-of- course examination periods.
8. Failure to follow the procedures outlined in this policy will result in an unexcused absence.

Prior to the beginning of the trip, it shall be the responsibility of the student to initiate contact

with his/her teachers to arrange for learning experiences, assignments, and/or examinations to be completed. Students returning from an approved trip must submit all work missed during his/her absence. Students will be permitted the same number of days after the absence as were originally granted for the absence to submit all course requirements issued during the absence. Teachers may grant exceptions to this "day-for-day" procedure as needed.

Food Allergy Management (UASD Policy 209.1): The Board is committed to providing a safe and healthy environment for students with severe or life-threatening food allergies. The focus of food allergy management shall be on prevention, education, awareness, communication and emergency response. Food allergy management shall be established in district schools, as needed, in order to:

1. Reduce and/or eliminate the likelihood of severe or potentially life-threatening allergic reactions.
2. Ensure a rapid and effective response in the case of a severe or potentially life-threatening allergic reaction.

Use of Medications (UASD Policy 210): It may be necessary to send medication to school to be taken during the school day. If possible, medication schedules should be adjusted to minimize the medications that need to be taken at school. All prescription medications should be clearly labeled to include: 1) student's name, 2) name of physician, 3) the date of the prescription, 4) the name and telephone number of the pharmacy, 5) the name of the medication, dosage route, and frequency of administration. All non-prescription medication must be in the original packaging and properly labeled. An "Administration of Medication Form" is available on the district website or from the school office for all medication types. The form and waiver must be completed and approved before medication can be given. It is important the school know where to contact parents should any questions arise. School district personnel may only administer non-prescription medication that is approved by a school physician. All other non-prescription medication must be accompanied by a signed note from a physician to be given during school hours. School personnel will not administer any medication without the proper forms completed.

Possession/Use of Asthma Inhalers/Epinephrine Auto-Injectors (UASD Policy 210.1): Epinephrine is stored in a secure location on school premises for emergency use. The Pennsylvania Public School Code, Section 1414.2(g) allows parents/guardians to request an exemption to the administration of an epinephrine auto-injector for their student. In order to request this exemption, contact the school nurse to make an appointment to discuss this decision, review, and sign the appropriate opt-out form.

Integrated Pest Management (IPM) is the coordinated use of pest and environmental information to design and implement pest control methods that are economically, environmentally, and socially sound. IPM promotes prevention over remediation, and it advocates the integration of at least two (2) or more strategies to achieve long-term solutions. Food Service Operations (UASD Policies 808 & 808.1):

The Board recognizes that students require adequate, nutritious food and beverages, in order to grow, learn, and maintain good health. The UASD will utilize a meal accounting system that allows individuals to prepay, purchase, and track meals.

1. Delegation of Responsibilities - Operation and Supervision of the food service program shall be the responsibility of the Business Administrator. The Business Administrator is responsible to present to the school board each month's statements and receipts.

 6. Collection of Unpaid Meal Charges - Upon reaching a total delinquency of the equivalent of \$10.00, a registered letter will be sent providing a warning of a civil complaint against the party for non-payment of funds. This letter will specify a final date

for which payment must be made. If payment is not received by that date, the case will be submitted to the District Magistrate for processing and follow up.

Transportation (UASD Policy 810): The school day begins for students when they step off their property to wait for or board the school bus. At that point, the students are under the rules and regulations of the Upper Adams School District. The bus driver is an employee/contracted employee of the school district and, according to school law, has the right to enforce and discipline students. Continued disorderly conduct or refusal to respect the authority of the school bus driver shall be sufficient reason for the student to be denied transportation in accordance with regulations of the Upper Adams School District. Suspension of bus privileges can range from three days to one year. This information is "Administrative Guidelines for Transportation". For the complete District Transportation Policy please see Board Policy 810.

School Visitors (UASD Policy 907): The district welcomes and encourages visits to school by parents, guardians, or other adult residents of the community and interested individuals. To ensure that the greatest benefit can be derived from such visits and to insure order in the schools and the safety of both students and staff, persons wishing to visit a school should make arrangements in advance with the school office. Upon arrival, visitors must register at the office where they will receive a pass and instructions relative to their visit.

School Volunteers (UASD Policy 916.1): All volunteers who are unsupervised or partially supervised when working with children and/or who are alone with students must have an Act 34 (criminal) clearance, an Act 151 (child abuse) clearance, and a Tuberculosis Test prior to participating in student activities. Clearances must be renewed at least every five (5) years. Some volunteers must also complete the FBI fingerprint-based Federal Criminal History Clearance unless an exemption applies. These clearances must be submitted to the building principal for review, after which the applicant will receive notification of approval to serve as a volunteer. The board and administration in no way wish to discourage volunteering in our schools. In fact, we recognize the vital importance volunteers play in the everyday operation of our schools. However, our primary goal is to ensure that our students attend a school that is safe, secure, and comfortable. This policy will provide us with one more method to accomplish that goal. Please contact the building secretary for the complete policy on volunteers and information on how to obtain clearances as needed.

UPPER ADAMS SCHOOL DISTRICT SPECIALIZED PROGRAMS

Homeless Assistance - McKinney Vento -

Youth who are experiencing homelessness have special rights under a federal law called the McKinney-Vento Act. Students qualify for its protections if they have no consistent, appropriate place to stay. This includes youth who are “soubled up” with other youth or families due to economic hardship; living in a car, motel, hotel, camping grounds, or sleeping outdoors or in a public place; or living in a shelter. The law protects youth who have run away from home, been thrown out of their home, been abandoned by parents or guardians, or separated from their parents for any other reason. These youth are called “unaccompanied homeless youth.” Homeless students have two options for where to attend school: the school they were attending when they became homeless or the school where they are currently staying. If you have questions concerning homeless students or need additional information, please feel free to reach out to your school counselor or contact the District Homeless Liaison (Kim Smith, Transportation & Child Accounting Coordinator.)

Behavior Intervention: The UASD Behavior Intervention Program is designed to meet the needs of at-risk students whose problematic behavior has caused them to be unsuccessful in a traditional classroom. The behavior intervention classroom provides a positive, safe, and structured learning environment that continues instruction in the student’s core academic curriculum, along with added emphasis on counseling and social skills development to address the specific problem with behaviors. The smaller class size, individualized learning environment, and extra supervision is conducive to the student’s improved academic and behavioral success. Successful reintegration into the regular school program at the student’s appropriate grade level is the stated goal of the program. The student’s improvement in self-discipline, responsibility, and interpersonal skills is essential for further education, employment, and in becoming a successful contributing member of society.

College in the High School: For more than ten years, the College in High School (CHS) program at Biglerville High School has offered qualified high school students the opportunity to earn University of Pittsburgh and Harrisburg Area Community College credits during their regular school day. Students do not have to leave their school to travel to the University or the College, but are taught by adjunct faculty here in Biglerville. BHS offers 6 credits of Harrisburg Area Community College English, 6 credits of Harrisburg Area Community College History, and 4 credits of Calculus from Pitt. University. BHS students can enroll in these courses at a fraction of the tuition rate set by these schools. These courses go a long way toward preparing our students for what it is like to take a college level course.

Upper Adams Cyber School: Canner Cyber Connection provides an online educational option for students in grades K-12. Online education through this program is primarily intended for students who would otherwise enroll in an outside cyber-charter school and/or students in unique circumstances that are not conducive to a traditional school routine. Interested students who are considering this option must be self-motivated, have the support of their parents/guardians, and meet the expectations of the cyber school program. Students who meet the needed criteria could register for either Canner Cyber Connection (all needed credits taken with online courses) or a hybrid version (part of the needed credits taken through Canner Cyber Connection and the other part of the credits taken in brick and mortar school). Interested parents should contact their child’s building principal.

English Language Development (ELD), Grades K-12: ELD instruction is available to meet the needs of English Learners. The Upper Adams School District provides assessment and classes for students who are English Language Learners.

Gifted Program: Gifted support provides enrichment to students who have unique needs and abilities that require programming appropriate to their potential. A wide variety of educational options are offered to develop creativity, critical thinking and reasoning, originality, and leadership skills. Students may be referred for evaluation by their parents, classroom teacher, building principal or counselor.

Learning Support, Grades K-12: Learning support specialists assist students who are experiencing difficulty in specific learning skills. Students identified as needing learning support may spend all or a small part of their school day in the regular classroom, depending upon the level of support necessary to help them be academically successful. Students are usually referred for evaluation at the elementary level by their parents or by the Intervention Team. At the secondary level, students are generally referred by the counseling department after an intervention period.

The Life Skills Support, Grades K-12+: Life Skills Support serves students whose needs are more functional than academic. The program emphasizes functional academic, self-help, social and community living skills at the elementary level. The secondary level emphasizes training that prepares the student for transition to employment and adult community living. Instruction increasingly progresses from classroom to community based as the student approaches graduation in order to facilitate a transfer of skills from theory to practice. The primary population served by the program is students with intellectual disability, but others are included if the program can be modified to serve their needs.

Special Needs Screenings and Evaluations, Preschool-12: Upper Adams School District in cooperation with the Lincoln Intermediate Unit, provides for the screening of preschool students who may have special needs. In addition, the Upper Adams School District provides on-going screening for the purpose of identifying and following up on those students, kindergarten through grade 12, who may have special needs. All students periodically receive vision and hearing screenings. First year students automatically receive screening for speech/language difficulties. If the results of any of these screens warrant further evaluation, parents are notified so that follow-up can be arranged. If parents, teachers, or school personnel suspect a learning problem, the district attempts to meet the student’s needs through a continuum of instructional services. When this is not possible and further evaluation is warranted, a multidisciplinary evaluation is scheduled. Parents or the Intervention Team may refer the student for a multidisciplinary evaluation at any time.

Student Assistance Program Team, Grades K-12: This program works to help students who are at high risk of drug/alcohol use, depression, or other mental health problems. A team of specially trained faculty members, guidance counselors, administrators, and drug & alcohol/mental health professionals meets regularly to identify, intervene, and refer students in need.

Vocational Education: Students may elect to participate in the District’s Vocational Education programs, beginning in the ninth grade. Programs are offered at Biglerville High School in the areas of Agriculture, Business, Family and Consumer Sciences, and Industrial Technology Education. Vocational education is also available via the Cumberland-Perry Area Vocational-Technical School. A variety of excellent vocational courses are provided. High school students have the option of attending Cumberland Perry AVTS for one-half of the school day.

ANNUAL PUBLIC NOTICE OF SPECIAL EDUCATION

Annual Public Notice to Parents: A school district, charter school, or the intermediate unit provides special education services to residents' children with disabilities who are ages three through twenty-one. The purpose of this annual notice is to describe the special education program services that are available, the process by which each of the school entities screens and evaluates students to determine eligibility for special education services, gifted services, or Chapter 15/504 services, and information regarding the confidentiality of student educational records.

It is the responsibility of the school districts, charter schools, and the intermediate units to ensure that all children residing in the Commonwealth who are in need of Special Education and related services are identified, located, and evaluated. This responsibility is required by a federal law called the Individuals with Disabilities Education Act as amended in 2004 (IDEA 2004).

The IDEA 2004 requires each school entity to publish a notice to parents in newspapers or other media, including the student handbook and website. To comply with the above requirement, this publication is the annual public notice for the Upper Adams School District.

In accordance with 34 CFR § 300.624, please be advised of the following retention/destruction schedule for the Pennsylvania Alternate System of Assessment (PASA), Pennsylvania System of School Assessment (PSSA), and Keystone Exam related materials:

PSSA, Keystone Exam, and PASA test booklets will be destroyed one year after student reports are delivered for the administration associated with the test booklets.

PSSA and Keystone Exam answer booklets and PASA media recordings will be destroyed three years after completion of the assessment.

Services - Age 3 until School-Age: Children age three through the age of admission to first grade are also eligible if they have developmental delays and, as a result, need special education. A child who is less than the age of beginners and at least 3 years of age is considered to have a developmental delay when one of the following exists: (i) The child's score on a developmental assessment device, on an assessment instrument which yields a score in months, indicates that the child is delayed by 25% of the child's chronological age in one or more developmental areas. (ii) The child is delayed in one or more of the developmental areas, as documented by test performance of 1.5 standard deviations below the mean on standardized tests. Developmental areas include cognitive, communicative, physical, social/emotional and self-help.

Screening for preschool children is available each month at The York Learning Center (York 717-718-5902), the LIU Central Office (New Oxford 717-624-6490), and the Franklin Learning Center (Chambersburg 717-263-1732). To schedule an appointment for a screening or evaluation call one of the numbers listed above. For additional information, contact LIU #12 Preschool Office at (717)624-6575

Programs and Services Available for Children with Disabilities: It is the responsibility of each school district and charter school to ensure that, to the maximum extent appropriate, students with disabilities, including those in public or private institutions or other care facilities are educated with students who are not disabled. Special classes, separate schooling or other removal of students with disabilities from the general education environment occurs only when the nature or severity of the disability is such that education in general education classes, even with the use of supplementary aids and services, cannot be achieved satisfactorily. Special Education services are provided according to the educational needs of the child, not necessarily the category of disability.

Screening for Disabilities: When school district or charter school has established and implemented procedures to locate, identify, and evaluate students suspected of having a disability. These procedures include screening activities. Screening is conducted in the student's home school unless other arrangements are necessary. Screening is a pre-evaluation/pre-referral process that occurs in regular education.

Evaluation: When screening indicates that a student may be a child with a disability, the school district/charter school will seek parental consent prior to conducting an evaluation. An evaluation for special education services is conducted by an evaluation team that includes the parent, teachers, and any other qualified professionals. The process must be conducted in accordance with specific time lines and must include procedural safeguard procedures. The evaluation process results in a written evaluation report. This report specifies a student's eligibility for the special education based on the presence of a disability and the need for specially designed instruction. The reevaluation report also makes recommendations for educational programming.

Parents who think their child may have a disability may request, at any time, that the local school district conduct an evaluation. This request should be made in writing to the contact person identified at the end of this public notice. If a parent makes an oral request for an evaluation, the school district, charter school, or intermediate unit shall provide the parent with a form for that purpose. Pre-Referral Team, Child-Study Team, or Instruction Support Team (IST) activities do not serve as a barrier to the right of a parent to request an evaluation at any time, including prior to or during the conduct of instructional support activities.

Every public school has a procedure in place by which parents can request an evaluation. For information about the school district's procedures applicable to your child, contact the school your child attends. Telephone numbers and addresses for the school districts can be found at the end of this notice. Parents of preschool age children, age three through five, may request an evaluation in writing by addressing a letter as follows: Lincoln Intermediate Unit #12, P.O. Box 70, 65 Billerbeck Street, New Oxford, PA 17350. Telephone: 717-624-4616

Consent: School entities cannot proceed with an evaluation or reevaluation, or with the initial provision of special education and related services, without the informed written consent of the parents.

Individualized Education Plan (IEP) Development: Following the evaluation report, an IEP must be developed within 30 calendar days. The IEP team must include the parent(s) of a child with a disability. Other required members include at least one regular education teacher of the child (if the child is, or may be, participating in the regular education environment), at least one special education teacher, and a representative of the school district/charter school. The IEP team develops a written plan called an IEP. The IEP shall be based on the results and recommendations in the evaluation report. The parents of the child have the right to be notified of and to participate in all meetings of their child's IEP team. The IEP is revised as often as circumstances warrant but at least annually.

Notice of Recommended Educational Placement/Prior Written Notice (NOREP/PWN): The responsible school entity must notify you in writing whenever it proposes to initiate or to change the identification, evaluation, educational program or placement of a child; or whenever it refuses to initiate or make a change in the identification, evaluation, educational program or placement requested by a parent.

ANNUAL PUBLIC NOTICE OF SPECIAL EDUCATION

Notice for Services for Protected Handicapped Students in Accordance with Section 504 and Chapter 15: Students who are not eligible to receive special education services may qualify as protected handicapped students and therefore be protected by other federal and state laws intended to prevent discrimination. The school district or charter school must ensure that protected handicapped students have equal opportunity to participate in the school program and extracurricular activities to the maximum extent appropriate for each individual student. Section 504 covers qualified students with disabilities who attend schools receiving federal financial assistance. To be protected under Section 504/Chapter 15, a student must be determined to: 1) have a physical or mental impairment that substantially limits one or more major life activities; 2) have a record of such impairment, or 3) be regarded as having such impairment. Section 504/Chapter 15 require that school districts or charter schools provide a free and appropriate public education (FAPE) to qualified students in their jurisdictions who have a physical or mental impairment that substantially limits one or more major life activities.

For further information on the evaluation procedures and provisions of services to protected handicapped students under 504/Chapter 15, parents should contact the school or charter school your child attends.

Notice of Services for Gifted Students

While gifted is not included as one of the disabilities categories under the IDEA 2004, the Pennsylvania State Board of Education's regulations as set forth in Chapter 16, Special Education for Gifted Students, provide that gifted students are considered to be children with exceptionalities and are in need of specially designed instruction.

Under Chapter 16, each school district shall conduct public awareness activities to inform the public of gifted education services and programs and the manner by which to request these services and programs. These awareness activities shall be designed to reach parents of students enrolled in the public schools and parents of children not enrolled in public schools.

Screening for Giftedness: Chapter 16 requires that each school district shall adopt and use a system to locate and identify all students within the school district who are thought to be gifted and in need of specially designed instruction. Each school district shall determine the student's needs through a screening and evaluation process which meets the requirements of Chapter 16.

Gifted Multidisciplinary Evaluation: For students who are potentially gifted students, the district will take the following steps: conduct the Gifted Multidisciplinary Evaluation; compile a Gifted Written Report; convene a Gifted Individualized Education Program team meeting to determine whether the student is gifted; and, develop a Gifted Individualized Education Program if the student is a gifted student.

For students who are gifted and eligible for special education, it is not necessary for school districts to conduct separate screening and evaluations, develop separate IEPs, or use separate procedural safeguards processes to provide for a student's needs as both a gifted and special education student.

Confidentiality of Student Information: All school entities maintain educational records concerning children enrolled in public school, including students with disabilities. Educational records containing personally identifiable information about or related to children with disabilities are maintained in the strictest confidentiality.

Consent for Disclosure of Personally Identifiable Information: Your consent, or consent of an eligible child who has reached the age of majority under State law, must be obtained before personally identifiable information is released, except as permitted under Family Education Rights and Privacy Act (FERPA). The age of majority in Pennsylvania is 21. Each participating agency must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages. One official at each participating agency must assume responsibility for ensuring the confidentiality of any personally identifiable information. Each participating agency must maintain, for public inspection, a current listing of the names and position of those employees within the agency who have access to personally identifiable information.

Pupil Records:

Staff members of the Upper Adams School District respect the privacy and confidentiality of pupil records. The District is required by law to keep records of special education pupils. Teacher records include pupil worksheets, workbooks, results of informal testing, and other information of short-term importance. Supplementary records may include consent forms, assessment reports, multidisciplinary team meeting minutes, reports from outside agencies, verified teacher reports, IEPs and requests for release of information or file review. When appropriate, records, forms, rights, and notices can be provided in the native languages of various population groups in the school district. As your child is reevaluated, information is continually added to the file. According to District board policy, parents can review your child's file and challenge, in writing, the validity of any record or report and/or the maintenance of any information in the file. Only school personnel and authorized education officials are permitted to see your child's file. Any other persons must have your written approval before they are allowed to see the file, or to receive copies of information in the file. If you have questions about pupil records, contact Wesley Doll at the District Administration Office (677-7191).

The securing of this form and completion thereof by you will allow us to properly identify and tax all school district residents, improve the fairness of our tax collection system, and assist the schools in planning for community needs (Failure to comply can result in fine and/or imprisonment). Forms may be obtained from the Administrative Assistant in the Business Office located at 161 North Main Street, Biglerville, PA 17307, phone number 677-7191. Thank you for your assistance.
